JEWELRY STORE ENTERED

But Proprietor, H. W. Standish, Can
Discover Nothing Missing.

The jewelry store of Harry W. Standish, located at 725 Main street, was entered some time Friday night but it is thought that nothing was taken as the result. The stock was some over Friday and nothing was missed from the cases or the safe. Hudson Barrows, a clerk in the store, discovered the break as he entered the building. He felt a strong draught from the rear of the store and noticed that the interior was exceptionally cold. He found the rear door partly open and the glass in the door broken. The proprietor came into the store about this time and the two men went over the stock, but could find nothing missing.

RID STOMACH OF GASES, SOURNESS AND INDIGESTION

"PAPE'S DIAPEPSIN" ENDS ALL
STOMACH DISTRESS IN
FIVE MINUTES.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with you, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

found that a man named Thompson had pushed a plank into the river and in this manner the boy had been brought to the shore. The boy was taken to the home of Mr. Thompson where he was revived and a call was sent to Dr. Fred M. Smith who later ordered the boy taken to St. Joseph's hospital. The boy, Edward Thibodeau, seems none the worse for his experience, but he will be kept at the hospital to await developments.

City Court Cases.

Four cases came before Judge Fenton in the police court Saturday morning. Three were continued cases for violating the auto laws by using old markers, the other for manslaughter.

Leonard McCormack, who could show no registration papers on the day he was arrested, was in court and he was allowed to go on payment of the costs of the court which amounted to \$5.00.

The case against Ephraim Chamberlain was dismissed as his employer had received some markers but owing to some oversight of these connected with the automobile department they had to be returned.

Referred to Secretary of State.

Deputy Judge Frank P. Fenton was on the bench when the police court opened Saturday morning and when the facts in the case of H. S. King, charged with using old markers was brought before him he stated that he would make an investigation. Mr. King produced registration papers in court that were dated the tenth of the month and it was known that Mr. King did not have any papers when he was arrested last Tuesday. This is the second thing of its kind to come before the court during the past week and Judge Fenton thought that it was time that the secretary of state should learn of the matter.

TWO WOMEN WORKING

Strikers Who Wished Their Discharge
Are Still Out.

The situation between the employees of the Rossie Velvet mill, who have been on a strike for the past six weeks, remains unchanged. The trouble arose over the fact that the officials of the company refused to discharge two women employees who had refused to join the union. The two women are still in the employ of the company.

The various unions throughout the state have been contributing to the fund for the support of these local velvet workers who are on a strike. Many of the local organizations have contributed to the fund.

JUDGE JAMES A. SHEA

DIES SUNDAY AFTERNOON.

Prominent Willimantic Citizen Had
Been in Failing Health for a Long
Time.

Sunday afternoon at 3:45 Judge James Augustine Shea died at his home at the corner of North and Summit streets. He had been in failing health for some time and only returned from Asheville, N. C., a week ago Saturday. He had gone to Asheville early in November in the hope that the climate there would be of benefit to him; but after a stay of several weeks there he decided to return home. On his return it was known that his health was fast failing.

Judge Shea was a native of this city, born Jan. 7, 1875, the son of Dennis and Margaret Shugrue Shea. He was attending St. Joseph's parochial school when he entered the high school and was graduated with the class of 1895. Then he spent four years at Amherst college, graduating with the class of 1899. In September, 1899, he entered Harvard law school, spending two years there. He completed his law studies in the office of former Attorney General William A. King in this city. In 1902 he was admitted to the Connecticut bar.

Not long after his entrance into legal practice he was elected judge of probate, which office he held for ten years, filling the office to the highest satisfaction of all having affairs with the office and with great credit to himself, always displaying his keen trait of the utmost generosity. Last fall he was renominated by the republican party for the office, but declined the nomination because of his health. Those having business with the court always spoke highly of the manner in which their affairs had been handled by Judge Shea. He was also judge of the police court, which office he filled for a number of years and which he held at the time of his death. His record as judge of the police court of the city likewise displayed his justice and his consideration.

Judge Shea when he became an elector identified himself with the republican party and worked hard for the interests of the party, yet he had many friends in the democratic party and each time that he ran for office received many democratic votes.

Socially Judge Shea was of a nature to make and retain friends. He briefly, pleasing personality and was kind and generous to every one.

Judge Shea was a member of St. Joseph's Roman Catholic church, No. 14, K. of C., also a charter member of Willimantic lodge, No. 1311, B. P. O. E. For a number of years he was a member of the Willimantic fire department, being affiliated with Montgomery Hose company, both of which he was an officer. He was a member of the Chamber of Commerce and highly interested in local affairs.

Besides his widow and little daughter

Children Cry FOR FLETCHER'S CASTORIA

ter, he leaves his father and mother, Mr. and Mrs. Dennis Shea, and three sisters, Misses Mary, Annie and Alice Shea, of Windham road, this city.

The ambulance of St. Joseph's hospital was called out twice Sunday afternoon.

Damase Beaulieu of 32 Spruce street fell down the cellar stairs about 5:30 p. m. and strained one of the vertebrae in his neck and was taken to the hospital.

Mrs. Edwin Nolan of 183 Main street was taken to the hospital suffering from a serious case of appendicitis.

FIRE BELL WRONG.

Fails to Ring Correctly for Blaze at
Raynes Court.

There was a small fire about 6 o'clock Sunday evening in Raynes court, caused by an oil stove which was tipped over, setting some of the furniture and the carpet on fire. The fire bell did not ring right, as it only struck two strokes, but the indicator in the Bank street engine house registered 28. The Alerts were the only ones to turn out, and when they arrived the fire was extinguished.

Brief Mention.

Chester W. Bell of Norwich spent Sunday as the guest of friends in this city.

Miss Lillian Cheney of South Manchester spent Sunday at the home of her parents on Valley street.

JEWETT CITY

Ice Cutting in Progress—Death of
Miss Hannah Baldwin—Men's Chorus
of Twenty Voices at Baptist
Church.

Shea Brothers began cutting ice for the second time this season when Sunday they started to plow over big fields at Dorville. Sunday night the ice was measured at several different points, with a showing of 8 1-2 inches. This will be improved upon possibly an inch before the first cakes go into the houses. During the cold snap three weeks ago, as near as can be estimated, 1,000 tons were hauled. It will take full 2,000 tons now to fill the houses. Mr. Shea was at Blissville Saturday to look over the cutting which is going on there and found Mr. Kramer putting in 9 1-2 inch ice. In this fact conditions are reversed, for always before Dorville had showed thicker ice earlier than Mr. Ford's fields at Norwich or at Blissville. Much

interest is felt here in the ice crop and hundreds go to see the work go on. F. Lewis started the business 40 years ago in a small house near the site of the present ones which was filled by horse power. At this time and for many years after farmers never thought of such a thing as cutting ice. Today it is the exception where a farmer does not have his own icehouse and in most cases the pond is artificial.

Thirty years ago G. A. Haskell, who then conducted a meat business, built a slaughter house on the Dorville pond and connected with it he erected an icehouse of 500 tons capacity which he filled each year for his own use. Three years ago the Shea Bros. icehouses burned, Sunday, July 27th, leaving a small mountain of ice, a large part of which was salvaged by building a temporary covering of boards around it and stuffing the sides with several tons of hay. Today the new houses will hold upwards of 2,000 tons and are all that the modern house requires.

James Shea said on the pond Sunday afternoon that a plowing deep he hoped to have 10-inches by Monday night. Ice which is plowed will easily freeze as fast again as when not plowed.

Election Today.

Today is borough election. The polls will be open from 2 p. m. until 8 p. m. This is an off year election. Warden J. H. McCarthy was elected for two years in January, 1916. The two burgesses who were nominated, Jacob Wechsler, dem., and J. H. Lee, rep., are elected by virtue of their nomination, as are also the assessors and auditors. The only officers on the ticket today elected by receiving the largest vote are the clerk and treasurer, tax collector and bailiff.

Episcopal Service.

Rev. John W. Areson, rector of Grace church, Yantic, conducted Episcopal services in the Slater library hall Sunday afternoon. There was a large attendance and the usual interest which is manifested in these services.

Mrs. Alice A. Brown of this place and Miss Emma Hull of Willimantic were in Boston Saturday to attend the Billy Sunday meetings.

Tuesday afternoon the Woman's

Missionary society, foreign work, will meet with Mrs. G. W. Robertson. Eighteen inches of ice is reported in Norman's cove by ice fishermen.

GUARDSMEN ARE TO RETURN
FROM THE MEXICAN BORDER

Order Issued by the War Department
Releasing 25,000.

Washington, Jan. 21.—More than 25,000 national guardsmen now on the Mexican border have been designated by Major General Funston for return home and muster out of the federal service, under the order issued yesterday by the war department.

All these organizations will be started homeward as soon as transportation facilities can be provided. Their departure will leave between 45,000 and 50,000 men of the guard still in the federal service doing border patrol.

War department officials continue to withhold comment on reports that the movement of General Pershing's regulars out of Mexico soon will be under way and the statement announcing the guardsmen designated for relief does not connect these organizations with the withdrawal plans. The understanding has been, however, that with the return of the expedition in Mexico and the readjustment of the border patrol all the state troops gradually would be sent home.

The department's statement said: "General Funston has selected these organizations chiefly in accordance with the rule of returning first those troops longest in service on the border. To some extent, however, this rule could not be followed without unequal weakening of the border guard and the departures from it are so explained. The total of the strength of the organizations selected is 25,242."

The guardsmen designated for return and muster out comprise units from 25 states and the District of Columbia, the following from the northeastern states:

Massachusetts: ambulance company No. 2; field hospital No. 2. New Hampshire: First Infantry. New York: Seventy-fourth Infantry; field bakery company; supply train; ambulance company No. 4.
